

SAT 1 Vocabulary Homework

Directions: Choose 10 of the 20 vocabulary words from our SAT 1 list this week. Write 10 original sentences that demonstrate you know the meaning of the SAT vocabulary word.

The focus this week is on compound sentences and avoiding writing run-on sentences.

5 of the sentences should be compound sentences with commas and coordinating conjunctions (, and , but , or , yet , so) joining the two independent clauses.

The other 5 sentences should be compound sentences using a semi-colon (;) to join the two independent clauses.

Highlight the vocabulary word used in each of your ten sentences. You may not use one more than once.

Set up your paper like this with sub-titles:
